(Copying Demetre on this)

The problem here is that Demetre created links from his OneDrive that only work for people at EB General Contractor, i.e roofing. EBG Paint is a separate organization, and thus you must share them differently.

@demetre@ebgcontracting.com, please create a new share, and under **Who would you like this link to work for?** choose "specific people" then enter the e-mail addresses of all your recipients. ([More info](#))

Also, it would be better to put all those documents in a folder and share the folder, rather share all the files individually.

Hey Joe,

It's Renee, coming to you live from Joe's computer while he is in a meeting. Lol Anywho, I forwarded this email to you to see if there is anyway you can open these files? Or do we need to have him try to resend this?

Please let us know – trying to avoid having him resend. 😊
